Education

Bachelor of Technology	12.2020 – 08.2024
Sreenidhi Institute of Science and Technology	Hyderabad, India
Cgpa:8.7	

Higher Secondary Education	06.2018 – 03.2020
Alphores Junior College	Hyderabad, India
Marks:959/1000	

Professional Experience

Android Developer (Intern)	01.2023 – 04.2023
Humachine Technologies	Hyderabad, India

- During my internship, I had the opportunity to lead the design process for an innovative app, collaborating with a cross-functional team to translate user requirements.

Projects

Espotter	11.2021 – 12.2021

- Espotter is an intra-navigation website for Sreenidhi College where students search room numbers and get the classroom details like block name, floor, etc.

Link website: Espotter ⧉

Invoice Management System	01.2023 – 03.2023

- Designed and deployed an invoice management system for Habib's franchise to streamline their invoicing process.

Tech Stack: HTML, CSS, JavaScript, Bootstrap, Firebase
link: Invoice management system ⧉

Mitro-Hyderabad Metro App	02.2023 – 02.2023

- Mitro is an Android app, where metro users can get important information about the Hyderabad metro like route, price, stations, nearest metro, hotspots, and can book tickets.
- We have downloads of around 3000+ and about 1500+ active users.

Playstore link: Mitro App ⧉

Skills

C Programming, Java, Python, C++, Git, HTML, CSS, JavaScript, PHP, MySql
